## FAMILY ASSOCIATION (2022)

Music by George Tsz-Kwan Lam

Co-Commissioned by University Settlement and Music At The Anthology

iOS App:

Web App:

- Please be careful of your surroundings as you walk. This experience lasts approximately 17 minutes.
- We suggest that you begin at the corner of Bayard St. and Mott St. Once you are within the range of the map above, tap "Play".
- Throughout the experience, you will hear a combination of oral history interviews and music inspired by the recorded speech.
- As you approach the site of five "family associations" (marked above), you will hear the interviews more prominently. As you depart, you will hear more of the music based on the speech.
- Each family association above corresponds to a theme and a musical instrument. Towards the end of the experience, you will hear all five instruments playing together as the interviewees reflect on their legacy for the next generation.
- Please consider completing the survey at the end of the experience to let us know what you think!
